May Club Meeting: Planning for a New Year!

The WCOM May Meeting is traditionally our planning meeting for the upcoming club year. This year was no exception as we met at the home of Susan Lee for a fun and productive time of discussing plans, both as committees and as a club. We were encouraged by the ideas that were shared and can't wait to see them coming to fruition. When our club year officially begins in September, we will already be preparing for the GFWC International Day of Service on Saturday, September 26th. However, even before the "official" start of the club year, we will host a social in August designed to introduce potential new members to our club. Save the date of August 22nd, 11am-1pm. More info to come!

GFWC-SC STATE CONVENTION

One of the highlights of this year's State Convention was seeing our own Susan Lee being installed as Midlands District President. The WCOM also brought home quite a few awards for projects and other productive club work during 2025. We were well represented by Susan Lee, Carol Berenbrok, Mary Jean Burroughs, and Linda Wagster in Myrtle Beach for a fun and informative weekend.

APRIL 2026

New Officer Installation

The WCOM would like to thank Janet Prince who did a beautiful installation for the 2026-28 Club Officers at our April Meeting. Using our new President's Theme of hummingbirds and the slogan "One Small Act Can Create So Much Good", we were encouraged to fulfill our roles by doing our individual duties to help create the common good.

NEW NEWSLETTER FORMAT

You may have noticed the newsletter looks different this month. The program that I (Linda W.) have always used, Microsoft Publisher, is being eliminated in October. I am in the process of trying to learn to navigate "Canva" so please be patient.

Also, from now on, I will be depending on our members to send me any information or upcoming events that you want printed in the upcoming newsletters. This responsibility will mainly rest on the Executive Committee and the Committee Chairs, but anyone can submit content if they want to.

To email info or ask any questions, send them to me at: gfwcwcom@yahoo.com
